Repl Account

Sign into your device using your Google login.

Open [Repl.it](https://repl.it) using this link or by clicking the link on the CODING FOR CONFIDENCE homepage.

CODING FOR CONFIDENCE HACKATHON CHALLENGE:

Option 1: Design a girl-powered website for a girls coding

Option 2: Design a website to empower other girls using inspirational quotes

Pair Programming

Take turns with the role of being the "hands" and the "eyes" while brainstorming together.

Code Along

Starter code for both projects is available on the CODING FOR CONFIDENCE website

Brainstorm - which tools and actions will best support creation of this solution?

Copy the starter code from Coding for Confidence -> Sessions -> Session 5 into a new Replit project and share it to your partner's email. Use this to make your Hackathon project!

Explore ways you can change the code to personalize your webpage and use the handouts from the HTML and CSS lessons to guide you!
